

Student/Trainee Outing

Presented by the STP Career Development and Outreach Committee

Watson Adventures: The Secrets of Old Boston Scavenger Hunt

(FREE to student/trainee registrants**)

Tuesday June 26, 2012 at 12:15 pm*

You are cordially invited to the Society of Toxicologic Pathology Student/Trainee Outing. This is a chance to meet fellow students and interact with scientists representing all facets of the Society as you discuss your future and the various career paths available to you. The STP will be designating members to act as mentors for each student who attends, so this will be a great opportunity for one-on-one discussions, as well as for networking with your STP colleagues.

Highlights of the Student Outing:

- **Watson Adventures: *The Secrets of Old Boston Scavenger Hunt***

This adventure takes you along the Freedom Trail[®] to find the colonial in the modern city. You'll visit numerous historic locations where America was born, Faneuil Hall, the site of the Boston Massacre, Paul Revere's house, the Old North Church (where the lantern code was "One if by land..."), Old City Hall, the Old South Meeting House (where a particularly large tea party had its beginnings), and the Old State House, to name a few. But before you start thinking that everything on the hunt is *Old*, let us add that the hunt is packed with lively contemporary places, including delicious sights and sounds of Quincy Market and Italian bakeries and cafes in the North End. You'll also investigate a tribute to local sports heroes, centuries-old gravestones, bustling Boston Common, and a place where a Kennedy bloomed. Along the way, you'll search for the answers to such questions as:

At Old South Meeting House, a tax protest meeting was prelude to a famous dunking. What famous person got dunked here?

*Since we will be encouraging your mentor(s) to contact you before the meeting, please RSVP by **June 1st** at the latest to [Krystle Correll](mailto:kcorrell@toxpath.org) (kcorrell@toxpath.org). Please indicate your contact information (e-mail and phone number) in your email.*

Please meet in the hotel restaurant "Champions" at 12:15, they have reserved part of the restaurant for our group. Transportation will be by foot, and is scheduled to leave at 1:30 PM, and return around 4:15 PM. **The outing is rain or shine. However, if it rains the hunt will be moved to an indoor location (such as a museum/aquarium).*

***The Society of Toxicologic Pathology will cover the cost of the entry into the scavenger hunt, lunch and beverage for each student/trainee registrant as well as provide prizes to the students on the winning team.*
