

**Apply for the IATP Charles Capen Trainee Award for Best Student Manuscript
To be Awarded at the STP Annual Meeting in**

Portland, OR ~ June 16-20, 2013 ~ DoubleTree Hotel Portland

The Capen Award is available to students and trainees pursuing a career in the field of toxicologic pathology. The successful applicant will receive a \$750 cash reward, plus complimentary meeting registration, and complimentary student membership (for the following year). The recipient will be honored at the awards ceremony prior to the Annual Business Meeting on Wednesday.

Applicants are required to submit a published (or accepted for publication) manuscript from a peer-reviewed journal consisting of original work involving clinical or experimental research that relates to toxicologic pathology. The quality of the manuscript including the scientific content and impact of the research is critical to the judging process. The letter of nomination may also be taken into consideration.

Eligibility:

A student/trainee is defined as an individual working on an academic degree, in a training or residency program, or in a postdoctoral training position, in the field of experimental or toxicologic pathology or a related discipline (to include veterinary students, pathology residents [veterinary or medical] and/or MS or PhD students). Attendance at the STP 2013 symposium is desirable, but not mandatory. Candidates who have recently completed (within 12 months of the application date) their graduate studies are also eligible, but must have been enrolled in a program at the time the data were collected.

How to Apply:

1. Complete the IATP Charles Capen Trainee Award for Best Student Manuscript Application on the following page.
2. Ask your faculty advisor or a faculty member who is familiar with your work to submit a letter of nomination summarizing your qualifications. This letter should include confirmation that you are the primary author, that you had a significant role in the generation and interpretation for the majority of the work presented, and in the manuscript preparation.
3. *Submit published manuscript of your original work involving clinical or experimental research that relates to experimental or toxicologic pathology. The quality of the manuscript including the scientific content and impact of the research is critical to the judging process. Other factors for consideration include experimental design, interpretation of the data, novelty of the research, and written communication skills.*
4. **Submit application form with manuscript details and nomination letter of support by April 1, 2013 to:**

**Krystle Correll
STP Awards
1821 Michael Faraday Drive, Suite 300
Reston, VA 20190**

5. **Submit manuscript by email: kcurrell@toxpath.org
Phone: 703-438-7508
Fax: 703-438-3113**
