

# Society of Toxicologic Pathology

www.toxpath.org

Dear Members,

The Society of Toxicologic Pathology (STP), in association with the C.L. Davis Foundation, is continuing its [regional day meeting series](#) this fall to provide members and affiliated toxicology scientists convenient educational and networking opportunities.

The next meeting is entitled ***The Toxicologic Pathologist and the Regulatory Community*** and will be hosted by the Uniformed Services University of the Health Sciences (Lecture Room E) on **Friday, October 14<sup>th</sup>, 2011** from 8:00 AM - 3:00 PM in **Bethesda, Maryland**.

This event is free to all STP members, C.L. Davis foundation members, government employees, and affiliated toxicology professionals. However, due to security concerns for this facility, **preregistration for this meeting is mandatory** and will close on **Friday, October 7<sup>th</sup>, 2011 at 5 PM EDT**. Failure to preregister by this deadline will preclude attendance at this meeting. To register for this event, please use this [LINK](#) and complete the required information.

The Speakers for this meeting will include:

- David Jacobson-Kram, Ph.D., DABT, Office of New Drugs, Center for Drug Evaluation and Research, U.S. Food and Drug Administration, Silver Spring, MD on *Carcinogenicity Testing of Pharmaceuticals: Past, Present and Future*
- Dianne M. Creasy, Ph.D, Dip RCPATH (tox), FRCPath Senior Scientific Advisor and Consultant Pathologist, Huntingdon Life Sciences, East Millstone, NJ on *Identifying and Justifying Changes Associated with Stress in Preclinical Toxicity Testing*
- Vincent P. Meador, DVM, PhD, DACVP, Global Scientific Leader, General Toxicology and Pathology, Nonclinical Safety Assessment, Covance Inc. Seattle, WA on *Integration of Clinical and Anatomic Pathology Data Sets in Toxicology Studies*
- Marlon C. Rebelatto, DVM, Ph.D., DACVP; Senior Pathologist, Experimental Pathology, Translational Sciences – Research, MedImmune, LLC, Gaithersburg, MD on *Histopathology Assessment of Preclinical Safety Studies: Current Practices and Challenges*
- Carol S. Auletta, MBA, DABT, Cert RAC; Director, Huntingdon Life Sciences, East Millstone, NJ on *The Toxicologist and The Pathologist – Working Together in Drug Development*

**Directions to the Meeting:** We are meeting in **Lecture Room E** adjacent to the Café.

Please note that parking on this campus is restricted due to security concerns. Public transportation and shuttle bus options are available. Please allow ample time for this additional travel and security screening. Full information for visitors to the USUHS Campus is available at: <http://www.usuhs.mil/usuhs/location.html>. Additionally, a campus walking map is available [here](#).

**Security Screening Procedures to enter Facility PLEASE READ:**

Due to ongoing security concerns, close inspection of government issued photo ID's and searches should be expected. U.S. citizens must have an approved government issued ID. Non-U.S. citizens must have their passport and/or green card (or similar) documentation.

More information on USUHS security is available at <http://www.usuhs.mil/sec/temppass.html>
