

## Student/Trainee Outing

Tuesday June 24, 2008  
12:30 pm\*, Pier 33 (Alcatraz Landing)

## Tour of Alcatraz Island

(**FREE** to student/trainee registrants\*\*)

*Presented by the STP Career Outreach Committee*

You are cordially invited to the Society of Toxicologic Pathology Student/Trainee Outing. This is a chance to meet fellow students, and interact with scientists representing all facets of the Society as you discuss your future and the various career paths available to you. The STP will be designating members to act as mentors for each student who attends, so this will be a great opportunity for one-on-one discussions, as well as for networking with your STP colleagues.

If you are interested in attending, please contact Sue Pitsch at STP headquarters ([stp@toxpath.org](mailto:stp@toxpath.org)) by June 5th at the latest (please indicate if you will have a guest along, as well as your contact information).

\*The boat leaves at 1:10 pm from Alcatraz Landing at Pier 33 (this is a 15 minute walk, or 5 minute street car ride [the streetcars run every 10 minutes from the hotel]); please plan on arriving by **12:30 pm at the latest**.

The boat ride takes approximately 15 minutes, and there is a 45 minute audio tour of the island/facility. Boats will be leaving the island to return at 3:45 and 4:30 pm.

\*\*The Society of Toxicologic Pathology will cover the cost of the boat ride/tour, lunch (deli sandwich meal), and beverage for each student/trainee registrant and one guest (spouse, significant other, parent, etc.)
