Career Development Workshop:
Practical Strategies for Navigating Toxicologic Pathology in One’s Early Career...and Beyond!

Co-Chairs: Vinicius Carreira, DVM, PhD, DACVP, DABT, Janssen R&D—Johnson & Johnson, La Jolla, CA; and Gopinath Palanisamy, BVSc, MS, PhD, DACVP, Genentech, South San Francisco, CA

Toxicologic Pathology is a unique and exciting field with an ever-increasing demand for professionals. But what exactly do toxicologic pathologists bring to the table, where do they work, and how do you function effectively as one? These questions and more shall be answered in this session, complete with overviews of career preparation, roles in various sectors of the industry, bases of safety toxicology, logistics of GLP work, anatomic and clinical pathology data analysis, and a discussion of the scientific tools available to support the toxicologic pathologist in his or her journey.
