3:15 PM–4:15 PM	Wendy J. Komocsar, Eli Lilly	Clinical Immunopathology: How Immunotoxicology Findings Drive Clinical Trial Designs

**Please plan to join your colleagues on September 16, 2015 for a day-long symposium at Lilly Research Laboratories, Indianapolis, IN on the “Role of the Toxicologic Pathologist in Immune Safety Evaluation.”**

The presentation by Dr. Robert Caldwell will also be delivered as a webinar. There is no cost to participate in the webinar; however, registration is required.

To attend the meeting on location, the registration fee is \$30 for STP members and students; \$40 for non-members. Registration will close on September 10.

**Meeting Registration | Webinar Registration**

Light refreshments will be provided. On-site lunch options are available (lunch is not included in the registration fee).

**Meeting venue**
