TOXICOLOGIC PATHOLOGY
Call for Papers for a Special Issue on:
Digital Pathology, Tissue Image Analysis, Artificial Intelligence and Machine Learning

Published in Association with the Society of Toxicologic Pathology, the British Society of Toxicological Pathology, and the European Society of Toxicologic Pathology

Editor-in-Chief:
Susan A. Elmore, MS, DVM, DACVP, DABT, FIATP

Special Issue Editors:
- Famke Aeffner, DVM, PhD, DACVP, Amgen Inc.
- Tobias Sing, PhD, Novartis
- Oliver Turner, BSc(Hons), BVSc, MRCVS, PhD, DACVP, DABT, Novartis

Toxicologic Pathology is pleased to announce the publication of a special 2021 issue focusing on Digital Pathology, Tissue Image Analysis, Artificial Intelligence, and Machine Learning in the context of Toxicologic Pathology and Drug Development. This collection of peer-reviewed original research articles and reviews will address multiple topics required for proficiency in these fields.

Digital toxicologic pathology, tissue image analysis, artificial intelligence, and machine learning are fields within the toxicologic pathology space that are expanding at a rapid rate and are significantly changing the way that we generate data and perform the work of our profession. This special issue will provide readers with articles on the various approaches, applications, hardware, and software in this space plus practical computational pathology examples. The general context refers to drug development, medical device industry, environmental health, and other areas.

Toxicologic Pathology is the premier journal in the field and reaches the leading authorities and decision makers. This is your opportunity to educate these leaders on innovations and to promote yourself as an industry leader. Published manuscripts are searchable through MEDLINE and will hosted perpetually on the journal’s website. Manuscript will be e-published upon acceptance.

Abstract submissions due: January 28th 2020 via email to faeffner@amgen.com
Manuscripts due: July 28th 2020 via the Toxicologic Pathology online portal (https://mc.manuscriptcentral.com/toxpath)
